GOVERNMENT OF SIKKIM
LAND REVENUE & DISASTER MANAGEMENT DEPARTMENT
GANGTOK

No. 6/LR&DMD

Dated. 07/04/2006

Whereas the existing classification into circles 'A' 'B' and 'C' of the Revenue blocks had been made in 1958 vide Notification No.815/LR dated the 20th June, 1958 on the basis of fertility of soil, remoteness of the places or otherwise and other advantages and disadvantages.

And whereas since then various development has taken place bringing various remote places into the frontline and in many cases the land use pattern has also undergone a major change, it has become expedient to review the classification into circles of the Revenue blocks in the State.

Now, therefore, the State Government determines the classification into circles of the Revenue blocks in the State in the following order with immediate effect:
